GOALS What does your unit plan to accomplish this year? <i>This is not a wish list, but a realistic list of 3-5 goals.</i>	PRACTICES What specific activities does your unit perform in order to achieve its goals?	ALIGNMENT How do your unit's goals/practices align with Guttman, CUNY, and accreditation goals and standards? <i>The CCE will help your unit with alignment to other key goals and standards</i>	DATA COLLECTION What evidence will you collect to show how your unit performed? <i>The CCE will also provide your unit with relevant information—when available—from its data sources.</i>	ACCOMPLISHMENTS In what ways did your area perform well in relation goals/practices? <i>Include specific examples and supporting evidence for success. In cases of multi-year data, identify trends/changes you observed.</i>	CHALLENGES What circumstances may have impeded your success? <i>Include specific examples and supporting evidence. In cases of multi-year data, identify trends/changes you observed.</i>	IMPROVEMENTS If applicable, what are ways to further success or address challenges? <i>Describe specific, feasible ideas, including needed resources. Proposed changes will be included as in next year's SAGE plan.</i>

## 2014-2015 SAGE Highlights

### Systematic Approach *for* Guttman Effectiveness

The Center for College Effectiveness  
September 2015

#### **Standard 2: Planning, Resource Allocation, and Institutional Renewal**

An institution conducts ongoing planning and resource allocation based on its mission and goals, develops objectives to achieve them, and utilizes the results of its assessment activities for institutional renewal. Implementation and subsequent evaluation of the success of the strategic plan and resource allocation support the development and change necessary to improve and to maintain institutional quality.

##### **+ SAGE Strengths by Unit: Standard 2**

- + Business Office:** For FY2014, there were no business office findings in the KPMG audit.
- + Business Office:** Directive 1 submitted in March 2015.
- + Business Office:** Business Office: For FY2015, the Business Office handled 569 purchases (excluding personal reimbursements and travel). The peak of 120 purchases in February 2015 correlated with CUNY Central's initial deadline for FY close of fiscal year.
- + Business Office:** A majority of faculty (59%) agree/strongly agree that the Business Office provides me with timely/appropriate support (Guttman Faculty/Staff Survey, Spring 2015). The type of services that each unit uses is very different. For faculty, it is primarily travel reimbursement. For staff, it is primarily purchase of goods.

##### **■ SAGE Challenges and Suggested Improvements by Unit: Standard 2**

- Business Office:** Inadequate staffing. Suggested Improvement: Fill staff vacancies (two accountant, assistant bursar\*, budget coordinator\*). \*In progress
- Business Office:** Would like greater ease in data collection for reporting
- Business Office:** Only 45% of staff agree/strongly agree that the Business Office provides me with timely/appropriate support (Guttman Faculty/Staff Survey, Spring 2015). For staff, a lot of the procurements are handled by purchase orders that are created by Central Office Purchasing. With onset of using procurement shared services to a greater extent, faculty/staff will need to have a better understanding of what is the responsibility of Guttman's business office and what is the responsibility of shared services.

# Being SAGE

- Review the SAGE Template
- List one goal
- List your practices in support of the goal
- If possible*, identify areas of alignment
- Select related data as evidence

## Being SAGE

- ✓ Acknowledge that units do not need to be experts
- ✓ Offer templates and examples
- ✓ Make expectations clear
- ✓ Align work with existing initiatives
- ✓ Build momentum with willing participants
- ✓ Celebrate accomplishments
